TRAINING FACILITY STAFF

Chief Pilot:	Martin Burley
Chief Flying Instructor:	Ken Faria
Instructors:	Tim Piper Dave Buck Howard Watson Bob Gorman
Examiners:	Chris Wray Ian Lunt
Operations:	Nicolas Rehbein Linda Rehbein

- ✈ Our training helicopters are the reliable and well-tested Robinson R22, R44 and Cabri G2 . All aircraft are dual controlled.
- ✈ EBG Helicopters is a CAA and EASA approved and Registered Training Facility and Type Rating Training Organisation and has been training pilots for over fourteen years and is very proud of its success rate. Once you have achieved your licence our helicopters are available for hire.
- ✈ Most of your flying training will be at Redhill Aerodrome and around the Redhill local area. However, there are opportunities to visit other areas and airfields, especially during the navigational phase of your course. One particular favourite is the cross channel trip to Le Touquet in France for lunch.
- ✈ The choice of whether the course is conducted on a full or part-time basis is yours. A part-time course could, due to the lack of continuity, result in you needing more flying hours before your flight test. If you choose a full-time course then, weather permitting, this could be completed in approximately four to six weeks. We find that a mixture of the two, involving an intensive week or two within a part-time course, often works well.
- ✈ As well as our primary training machines above we offer type rating conversions on the Bell 206, Jetranger, Eurocopter EC120 and EC130, Gazelle and AS350 Squirrel.
- ✈ We are approved by the CAA Authorised Training Organisation – GBR.ATO.0242 Type Rating Approval – Ref UK/TRTO-114

EBG Helicopters

REQUIREMENTS FOR THE EASA PRIVATE PILOT'S LICENCE (HELICOPTERS)

-  A minimum of 45 hours of flying training must be completed. For holders of a PPL(A) this is reduced to a minimum of 39 hours. Most students complete their training in approximately 45-55 hours.
-  Before flying solo, you must possess a Civil Aviation Authority (CAA) Class 2 medical certificate. The necessary examination can be carried out at the CAA near Gatwick Airport or, if this is not convenient for you, we can provide a list of other authorised medical examiners.
-  There are nine written ground examinations with multiple choice answers, and one radio practical exam. These can be passed easily with self-study and assistance from the flying instructor. The subjects are Air Law, Operational Procedures, Navigation, Meteorology, Human Performance & Limitations, Communications, Flight Performance & Planning, Aircraft General Knowledge and Principles of Flight.
-  You must pass Aviation Law before flying solo and Navigation and before the qualifying solo cross-country flight. We therefore recommend you study for the ground exams in conjunction with your flying training. Extra ground school on any subject is available from our instructors; this must be booked and paid for in addition to your PPL course. Please ask for more details.
-  On completion of your flying training, there will be a Skills Test with a CAA Qualified Examiner. This Skills Test includes general handling, navigation and an oral examination on the technical aspects of the helicopter flown.
-  Once you have achieved your licence you will need to fly just two hours per type per year, which includes a brief test, per year in order stay current. As a club we have our own requirements for keeping your flying current, you are required to fly at least every 28 days, or you will need a short check flight with an instructor. This is for safety and insurance reasons. (Imagine only driving your car once every two months!)

EBG Helicopters

PPL(H) PAYMENT SCHEME

We have several convenient ways for you to pay for your PPL(H) course.

Our payment scheme works by placing money on your account in advance. We have a price banding system A & B as below:

A Band

Standard rate pay as you fly

B Band

£20.00 per hr discount

to be eligible for this you must place £3000.00 on your account.

Below are the approximate costs of obtaining your licence on the Robinson R22 based on two different methods of payment. Full details are set out on our rate sheets.

The cost of the Minimum 45 hours required is:

"A" Band method, pay as you fly £ 14,625

"B" Band payment method £ 13,725

The above costs include instructor, pre and post flight briefings.

They do not include landing or airfield detail fees at Redhill Aerodrome, extra flying hours (if required), extra ground school (if required), books, maps, your Skills Test and ground exams, or your CAA licence fees or VAT. Budget for between £20,000 - £21,000 including VAT to cover everything.

All of the necessary books, maps and equipment that are required for the ground school and navigation exercises can be purchased from the EBG Helicopters Training Facility.

Please note: Pre-paid flying hours are non-refundable.

EBG Helicopters

SYLLABUS FOR THE PPL(H)

EXERCISES

Exercise 1a:	Familiarisation with the helicopter
Exercise 1b:	Emergency procedures
Exercise 2:	Preparation for and action after flight
Exercise 3:	Air experience
Exercise 4:	Effects of controls
Exercise 5:	Power and attitude changes
Exercise 6:	Straight and level
Exercise 7:	Climbing
Exercise 8:	Descending
Exercise 9:	Turning
Exercise 10:	Basic autorotation
Exercise 11a:	Hovering
Exercise 11b:	Hover taxiing and spot turns
Exercise 11c:	Hovering and taxiing emergencies
Exercise 12:	Take-off and landing
Exercise 13:	Transitions from hover to climb and approach to hover
Exercise 14a:	Circuit, approach and landing
Exercise 14b:	Steep and limited power approaches and landings
Exercise 14c:	Emergency procedures
Exercise 15:	First solo
Exercise 16:	Sideways and backwards hover maneuvering
Exercise 17:	Spot turns
Exercise 18:	Hover OGE and vortex ring
Exercise 19:	Simulated EOL
Exercise 20:	Advanced autorotation
Exercise 21:	Practice forced landings
Exercise 22:	Steep turns
Exercise 23:	Transitions
Exercise 24:	Quick stops
Exercise 25a:	Navigation
Exercise 25b:	Navigation problems at low heights and in reduced visibility
Exercise 25c:	Radio navigation
Exercise 26:	Advanced take-off, landings and transitions
Exercise 27:	Sloping ground
Exercise 28:	Limited power
Exercise 29:	Confined areas
Exercise 30:	Basic instrument flight

HOURLY RATES

TRAINING

The following rates apply to training for the PPL(H) on the Robinson R22, Robinson R44 & G2 helicopters. They are inclusive of instructor and pre and post flight briefings.

EBG Helicopters

Intro Course (3 hours) Robinson R22 **£950.00** (*inc. Landing & Circuit Fees*)
Intro Course (3 hours) Cabri G2 **£1100.00** (*inc. Landing & Circuit Fees*)
Intro Course (3 hours) Robinson R44 **£1500.00** (*inc. Landing & Circuit Fees*)

DUAL INSTRUCTION

Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Robinson R22	£325.00
Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Cabri G2	£385.00
Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Robinson R44	£525.00

Standard rate Band B, (<i>cost per hour</i>)	Robinson R22	£305.00
Standard rate Band B, (<i>cost per hour</i>)	Cabri G2	£365.00
Standard rate Band B, (<i>cost per hour</i>)	Robinson R44	£505.00

SELF FLY HIRE

Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Robinson R22	£260.00
Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Cabri G2	£320.00
Standard rate Band A, pay as you fly (<i>cost per hour</i>)	Robinson R44	£460.00

Standard rate Band B, (<i>cost per hour</i>)	Robinson R22	£240.00
Standard rate Band B, (<i>cost per hour</i>)	Cabri G2	£300.00
Standard rate Band B, (<i>cost per hour</i>)	Robinson R44	£440.00

Additional Costs:

Circuit Fees £17.50 (**only one charged per flight**),
Landing Fees £35.00
Flight Tests from £350.00,
Ground Examinations £50.00.
Licence proficiency check £200.00.

Annual Club Membership
fee £30.00

All prices are **exclusive** of landing and circuit fees and VAT and are based on Datcon readings (rotors turning).

VAT Will be added to ALL of the above at the prevailing rate

EBG Helicopters

EARNING YOUR WINGS

PLAN OF ACTION

- ✈ Your first step is to contact us and arrange a meeting. We will then be able to answer your questions and offer advice on the best method of achieving a licence specifically tailored to your situation.
- ✈ We then recommend a trial lesson of 30 minutes to an hour. During this time, which will count towards your licence, you will be able to experience the thrill of taking control of a helicopter.
- ✈ Alternatively you may wish to take advantage of our special 3 hour Introductory Course. Conducted over two or three individual sessions, this will enable you to complete the first few exercises of the PPL(H) syllabus and get you off to a flying start (pun intended)!
- ✈ Thereafter, we will develop an individual program for the completion of your PPL(H) training.

**Should you have any queries, please don't hesitate to contact us!
